

Lesson Plan

Grade level(s): Professional

Topic: Improvement in the proficiency of the faculty and staff of LHMS in the use of Destiny (OPAC).

Objective(s): The participants will:

- Learn their Destiny login and password.
- Be able to login to Destiny.
- Be able to place holds on library materials.
- Be able to reserve library materials.
- Be able to add ratings and reviews to library records.

Big6 Skills: Task Definition—The adults at LHMS need to learn how to use Destiny.
Information Seeking Strategies—Use discussion and the hands-on use of computers with Destiny.
Location & Access—It will be an In-service, part of a rotation of several training sessions.
Use of Information—Participants will be guided through various aspects of Destiny.
Synthesis—Participants will place a hold or a reserve.
Evaluation—Participants will e-mail feedback.

Materials Required: Computers with access to the Novell network; SynchronEyes.

Time Required: 45 min.

Description of activities: I will explain about the teachers' accounts in Destiny. The participants will follow along as I login using SynchronEyes. The participants will login to Destiny. I will demonstrate how to place holds and reserves and how to add ratings and reviews to catalog records. The participants will have time to use Destiny independently.

Assessment: The participants will respond to a feedback e-mail.
