

## Lesson Plan

Grade level(s): 6<sup>th</sup> -8th

Topic: Lili Database: eLibrary Curriculum Edition and eBooks

Objective(s): Teachers will be able to use this database to plan assignment for their students.

Big6 Skills: Task Definition, Information Seeking Strategies, and Location and Access

Materials Required: Computers, Lili Database

Time Required: Team planning period-40 minutes

Description of activities: A teaching team (4-8 teachers in a grade level) will come to the library with a future task for their students. The librarian will remind them of the free resources in Lili and direct them to these two sites. Teachers will log on to Lili and use eLibrary Curriculum Edition and eBooks to locate and find information for their project. Ask teachers to let the librarian know if they would like a longer training in the fall with Charlotte Fowles from the Idaho Commission for Libraries.

Assessment: Teachers are using the Lili databases as part of their assignments. More training is requested.
